How we find the best betting sites

Sports betting is one of the world's most popular

hobbies, as there are millions of fans worldwide that wager sports bets daily. It's important to note that, besides land-based bookies, there are also online sports bookies and betting sites.

And of course, as is usually the case with everything else,

there are good betting sites and not-as-good betting sites. As a player, it's in your best interest to pick the best of the best betting sites as they specialize in offering the players a top-tier online sports betting experience.

But the problem is that that

there are so many betting sites and online sports bookies that it poses somewhat of a challenge to single out the best. And this is where we come into play. Once you read our reviews, you will get to know the exact things that can make or break any online sports bookie and betting site. Our dedicated experts have performed an in-depth analysis of the subject at hand and all of their results are compiled in the list that you can see above. But let's get down to the basics, first... what does it mean when we say that one betting site is the best?

Licensing and Regulation

The sad fact of life is

that there are scammers everywhere. And this is the case with online sports betting, too. Some sports bookies and websites simply aren't in it to be fair and they try their best to scam their unwitting customers. In many instances, the customers aren't even aware that they are being scammed, what they believe instead is that they're having a genuine and fair online sports betting experience when it's anything but.

So, how to

determine which betting sites are legit and which aren't? The first thing to look out for is licensing information. If the betting site of your choice does not have a valid license issued by a renowned regulatory authority, then it's a definite red flag that you should be aware of.

The legit betting sites are licensed by the top regulatory

authorities in the field. One such authority that springs to mind and that's at the top of the iGaming and online sports betting industry is the United Kingdom Gambling

Commission or UKGC in short. Of course, there are several other such authorities that regulate the market, such as the Malta Gaming Authority, the Curacao Gaming Authority, the Alderney Gambling Control Commission, etc. But the experts in the field agree that the United Kingdom Gambling Commission towers above all the competition and that it's the highest authority in the field.

The reason why the UKGC has such high esteem and renown is that it imposes vigorous, strict standards on all the betting sites and online casinos that they must meet before they get in the ballpark of getting a UKGC license. This is in stark contrast to the way the Curacao Gaming Authority does business since this authority doesn't issue nearly as strict impositions to the betting sites and casinos striving to get a license. Long story short: if you see the logo of the UKGC with valid licensing information, then it's a sure sign that the betting site is legit and safe to use. We're not saying that MGA or CGA licensed betting sites aren't legit, far from it being the case. But the standards that the UKGC imposes are the strictest, hence the players will be well protected in the UKGC sports betting sites. All of the betting sites on our list are fully licensed by renowned regulatory authorities.

Regardless of the licensing information, always make sure to implement common-sense knowledge and practice as you place sports bets online. Never share sensitive account information with anyone as there's never a good reason to do this.

And if anything seems off, regardless if it's UKGC licensed site or not, you should maintain caution and discontinue using the betting services of the site as soon as possible.

Big Bonuses

Next off, we have one of the favorite subjects of most online sports bettors: the bonuses. If you have never used the services of an online sports betting platform, or of an online casino, then you may not be aware that players are being pampered left and right with generous bonuses. The sports bookies do this to attract more players and the reasoning behind it is obvious. It's much more likely for anyone to do their first deposit on a betting site if there are bonuses involved.

Now,

it's important to note that different sites offer different bonuses. If you get one type of bonus on one site, it doesn't necessarily follow that you'll get the same bonus or a bonus of the same size on another. There are variations and discrepancies and the savvy players need to know all this info to make the best decision as to where to play.

And again, this is where we come to play. Our experts have compiled a list of the best betting sites that feature the biggest, most generous, lavish bonuses that the players can get. Getting a big bonus can have a big influence on your gaming experience, as it can stave off losses from your personal savings, or it can increase your wins altogether.

But the size of the bonus is not the only thing that matters.

Savvy players also know that behind all the bombastic announcements of "\$1,000 of FREE betting money!!!", there comes the sometimes harsh reality of the terms and conditions. So, in a sense, if the player jumps at the sight of the promotional banners, without doing additional research on the bonuses, then they may very well be shooting themselves in the foot.

The terms and conditions hide all the important info that you'll need to determine the quality of the bonus and how you can use it. We use the term "hide" as most players, unfortunately, don't have the time or effort to spare to read the all-important T&Cs. So, they make their account and do their deposits only to find out down the line that the allotted time for releasing the bonuses has passed and

that the bonuses are void.

But worry not, as our experts have done all the research so that you won't have to. We have scoured through the terms and conditions of all the best betting sites and we've determined the number and size of the bonuses, as well as the terms and conditions. You'll get the best offers in terms of the smallest wagering requirements and allotted time for the biggest potential bonuses by visiting the best betting sites that we have prepared for you on our list.

Betting Markets and

Margins

The availability of as many and as varied betting markets as possible is a definite hallmark of the best betting sites. Typically, the best betting sites will feature a big list of available sports that the players can wager bets on, such as:

American football,

Baseball,

Basketball

European football,

Boxing/MMA,

Golf,

Horse

Racing

Ice Hockey,

Handball,

Tennis,

Volleyball,

And many other sports. What's more,

there will be many events within each sport that the players can place bets on, and the events will be held all over the world. Finally, there may very well be esports as well, such as:

CS:GO,

Dota 2,

League of Legends,

Fortnite,

and others. It's also

important to note that the betting margins can significantly influence the players' betting experience on the particular betting site. The lower the betting margins, the bigger the potential profits that the player can make for winning bets. The industry average in terms of the betting margins is set somewhere around 6-8%. So, anything higher than 8% is bad in terms of potential profitability and the player may feel ripped off; 6-8% is the standard, and anything below 6% will increase your potential profits significantly.

All of the best betting sites that we've prepared for you in our list not only have a big and varied list of available sports and events to bet on, from all over the world, but they also have highly competitive margins that the players will benefit from. So, there's another way in which you will benefit by playing on the best betting sites on our list.

Responsive Customer Service

This is a subject that's not

usually talked about as much. This is a shame since customer service has the power to make or break the entire experience for the players. The best betting sites typically offer the following methods in which you can contact customer service:

Live

chat,

Phone,
E-mail,
Discord,

Social media support,

and others. What you will note

though is the majority of sports bookies offer live chat, phone, and e-mail support as the most popular and most widely used customer service contact options.

But the fact

that these contact methods may be available to use on a certain betting site doesn't automatically mean that the bookie provides quality customer service to the players, far from it. It's just as important for the customer service team to consist of dedicated professionals with years of experience in the field of helping players with whatever issues or questions they may have.

Unfortunately, there are many instances

where players have hit a wall with the customer support teams of certain betting sites.

Customer service may be slow to respond or not respond in a professional, helpful way.

So, if the player has problems, they are encouraged to solve them on their own, effectively.

But this does not happen on the best betting sites. Apart from the fact

that you can use several different customer service contact options at the best betting sites, you will also get prompt, high-quality support from the customer service agents.

And quality customer service that seeks to answer all the players' needs is another hallmark of the best betting sites.

Special Features

The core sports betting experience

is important, but it's also important for there to be special features that the players

can use as they wager bets. There are several examples of these special features in play, such as:

Live streaming. The live streaming feature is one of the most popular ones, so much so

that it has become a staple in the best betting sites worldwide. Being able to watch the

events live as the player places live bets is a critical piece of the entire online sports

betting experience. Of course, it's unreasonable to expect that there will be streaming

options for all the sports and events all around the world, even on the best betting

sites. But the best betting sites should do their best to incorporate a big variety of the

most popular sports and events in their live streaming platforms.

The cashout is a vital feature. The players can also do what's known as early cashouts on the best betting sites. What this means is that the player now can withdraw their wagers even before the game ends. This can help you big time in protecting your bet and cutting your losses as you play.

And there are several other special features that the players can look forward to using in the best betting sites that you can find on our list. The bigger the number of special features that are available on a betting site, the better and more varied the players' experience will be.

Como as visitas de Estado vão, a chegada Vladimir Putin na Coreia do Norte quarta-feira foi relativamente baixa. Não havia uma longa linha dos altos funcionários governamentais no asfalto aeroporto onabet grupo telegram Pyongyang e apenas um pequeno guarda da honra sob o céu negro tinta abaixo que era para ser saudado por apertos mão com abraço Kim Jong Un antes mesmo hanbok

Mas a modéstia da ocasião foi enganosa.

Putin chegou à capital norte-coreana de Moscou, através do extremo leste russo na escuridão e a autocaravana dos líderes percorreu as ruas "carinhosamente iluminadas" até o alojamento estatal Kumsusan nas primeiras horas desta quarta.

Apesar – ou talvez por causa da hora não-sociável, os dois homens supostamente compartilharam seus “pensamentos profundos”, mas o mundo teria que esperar para ver como essas frustrações se apresentariam onabet grupo telegram seu desafio de duas frentes à hegemonia e ao imperialismo do Ocidente.

A inclusão de uma cláusula mútua no acordo – exigindo que um país ofereça assistência se o outro for atacado - foi sinal do quão longe os laços Rússia-Coreia Do Norte chegaram desde a primeira visita dele à Pyongyang, 24 anos atrás.

Mas a "parceria estratégica abrangente" dos líderes, acordada pouco antes de Putin partir para uma visita ao Vietnã por dois dias foi um relato incompleto da cúpula. E pelo bom motivo: porque acrescentar carne aos ossos das convenções que provavelmente violarão as sanções internacionais contra ambos os regimes?

Em uma repetição de onabet grupo telegram reunião anterior onabet grupo telegram Vladivostok há nove meses, nenhum líder era esperado para revelar o que se algum acordo tivesse sido alcançado sobre armas na guerra da Ucrânia.

Não havia nada de enigmático, porém sobre a música humorística por trás do acordo: que este era um encontro das mentes construídas onabet grupo telegram uma necessidade mútua tão urgente para seus inimigos nos EUA e na China parecerem impotentes.

Quando Putin foi o último na Coreia do Norte, seu anfitrião Kim Jong-il ainda estava a vários anos de supervisionar um teste nuclear que mudaria para sempre os cálculos mundiais quando

se tratava da Coreia. Quando ele conheceu líderes G8 meses depois onabet grupo telegram uma cúpula no Japão? disse Tony Blair e Bill Clinton aos outros... Que parecia ser alguém com quem eles "poderiam fazer negócios".

Quase um quarto de século depois, grande parte do negócio que está sendo conduzido com Pyongyang é clandestino e confinado a pequenos grupos aliados liderados pela China ou Rússia. O G8 se tornou o grupo 7 após anexação da Crimeia onabet grupo telegram 2014. Kim Jong-il morreu há mais uma década atrás; seu filho – supostamente muito caprichoso - agora no comando dum estado à beira para tornarse numa verdadeira potência nuclear

Assim como 17 anos de sanções da ONU não conseguiram atrapalhar a busca do jovem Kim por uma garantia apoiada pelo nuclear contra agressão dos EUA "hostil", é improvável que as condenações anteriores à cúpula desta semana onabet grupo telegram Pyongyang inviabilizem o eixo KIM-PUTIN.

Os seus interesses alinharam-se num momento perigoso – na Europa, onde a guerra continua onabet grupo telegram fúria no norte da Ucrânia e nordeste asiático. Washington tem de lidar com uma Coreia do Norte armada nuclear que não está clara sobre as intenções dos chineses para Taiwan nem o Mar Sul chinês mas os efeitos duradouros das suas parcerias pelo resto mundo continuam incertoos

O tratamento VIP completo chegou com luz do dia onabet grupo telegram Pyongyang, incluindo uma cerimônia luxuosa na Praça Kim Il-sung da praça de Jong i à qual assistiram soldados e orquestra. Ele terminou quando os dois líderes foram levados ao local para suas conversas num carro aberto; seus enormes retratos olhando sob um céu azul brilhante: mais tarde eles deveriam comparecer a concertos no palco durante as celebrações das gala (e receber o Estado) enquanto estavam sentados numa coroa que ajudava nas tropas soviéticas e livres pela segunda guerra mundial!

Como eficaz que a demonstração de hospitalidade prova para o anfitrião Putin continua sendo visto. Muito dependerá se Rússia concorda onabet grupo telegram compartilhar tecnologia militar sensível com Coreia do Norte - algo Vladimir não excluiu em troca da continuação apoio material às tropas russas na Ucrânia, e pode retribuir por ajuda alimentar ou energética bem como ajudar no programa norte coreano vigilância espacial s

Mais preocupante seria qualquer indicação de que os dois estados poderiam reavivar onabet grupo telegram relação da era soviética com uma aliança militar ao estilo OTAN, obrigando Moscou e Pyongyang a se defenderem mutuamente onabet grupo telegram caso do conflito. Enquanto Putin preparava-se para partir no Vietnã não ficou claro como um voto mútuo poderia ser estendido à assistência militares quando fosse atacado por algum dos países envolvidos na guerra contra as forças armadas russas?!

"A resposta a essa pergunta gira onabet grupo telegram torno de se o relacionamento Rússia-Coreia do Norte é apenas um casamento temporário por conveniência - ou indicativos da aliança mais profunda e duradoura, semelhante à relação entre os dois países durante uma guerra fria", escreveu Sue Mi Terry.

Se este último provar ser o caso, as repercussões serão sentidas muito além da Ucrânia e na península coreana.
