NetEnt Live Roulette

NetEnt's Live Roulette range includes European and French variant with and without La Partage rule, themed European Roulette, and Automatic Roulette which uses a physical wheel but plays without a live dealer.

Themed tables are

primarily used for promotional purposes as a unique way to treat fans to cash rewards, free spins and other freebies. VIP and Pro Roulette tables have been provided for the benefit of high-rollers and feature table limits going as high as €75,000 and €100,000.

Although this is entirely dependent on the casino site you choose.

The latest addition

to the range is Rocket Roulette, NetEnt's speedy variant which cuts spin-to-spin time down to 42 seconds. Though somewhat faster than the developer's standard game, Rocket Roulette still lags behind similar options offered by Evolution Gaming (25 seconds) or Playtech (34 seconds).

Design-wise, it features space travel theme complete with a dealer wearing a unique uniform and a background made to look like the inside of a space ship. One very unique element is the opportunity to play for free, which is something completely uncommon where live gaming is concerned.

Players of Rocket

Roulette will be offered fun balance and a limited number of rounds to enjoy the game for free before switching to real money play. Depending on the casino one plays at, European or French layout can be chosen prior to joining the game.

While there is a

physical wheel the dealer will spin, the only visible betting board is the one generated by the computer. Spin-to-spin time is 48 seconds, with 15 seconds offered for placing bets.

Participants can save their favourite wagers and even choose to see chips placed by other players at the same table. Bets can be placed manually or with a help of a Racetrack, and one can do so even after the wheel has been sent spinning.

Statistics for the last 15 rounds is displayed in the top right corner, along with an overview of Hot and Cold numbers. The view will automatically change to a

close-up of the wheel once the ball has been released, making it easy to observe its movements as well as its final resting place.

NetEnt Live Blackjack

Standard 7-seat

Live Blackjack plays with 6 decks and according to European rules, meaning the dealer takes only one card. Depending on the table, cards will be dealt either manually or with the help of a Shufflemaster.

The dealer stands on all 17's and Blackjack pays 3:2. Players can double on any hand, split pairs, double after splitting, and are offered Insurance against the dealer's Ace.

The Insurance will cost them half of their original bet and pay 2:1. Should they happen to hit a Blackjack while the dealer shows an Ace, they'll be offered (but can refuse) to collect even money. Thanks to table limits ranging between €5 and €2,000, the game is accessible to those with smaller budgets as well as high-rollers.

Minimum and maximum stakes are at all times visible in the top left corner of the screen, with table statistics and history of the dealer's last 10 hands displayed on the right. In case all seats at the standard Blackjack table are occupied, one can take advantage of Live Common Draw Blackjack capable of admitting an unlimited number of participants simultaneously. The game will accept bets as low as €1.

Only one

hand will be dealt, though each player is free to make their own decision as to hitting, standing, splitting and doubling. A nice little extra, shown as part of the statistics, is an overview of actions taken by all players around the table. Should you happen to be in doubt as to what decision to make, seeing those taken by others might provide a helpful pointer.
